**Let Healthy Food Be Your Medicine
Rather Medicine Being Your Food**

The one factor among many that makes Thaliyan Group proud is its most innovative and state of the art manufacturing units. The modern sortex rice machine has been imported from Satake, Japan. These machines along with others make our plant one of the best in the industry. We take pains to keep abreast to the changing technology in the field and implement any of them which would be of benefit to our esteemed clients. One another feature of our plants is our very stringent quality check measures. We guarantee to ourselves that not a grain of rice leaves our premises without undergoing all quality checks that has been incorporated in our facility. This in turn gives our customers the chance to believe, 100%, on the quality of all our products.

Features

- No Colors
- No Chemical Process
- 100% Natural Processing
- Processed by Advanced Machineries
- Highest possible Cooking time for Canteens
